Oh, Vitalizing Sun, I recognize thy beneficent radiations as life giving and disease destroying.

I welcome thy vitalizing rays into my flesh. I draw thy soothing force into my nerve.

I am a magnet for thy vitality and strength.

Thy life and power shining there in the heavens is in my nature.

I am strong with thy unlimited life.

I am inbreathing thy vitalizing radiations.

I also am a sun of God, a soul radiant with perfect life and power.

I will no longer be a medium through which undeveloped spirits gratify their sensual appetites.

I resist all desires and cravings that are insinuated into my mind from the mental realm without.

I resist and conquer every desire and craving for drink born within my own mental nature.

I realize the wanton waste of effort in living to gratify the senses.

I realize that I have a greater destiny than to live like an animal in the sensuous realm of feeling.

What is good and proper for an animal in his degree of unfoldment is not good or wise for me in my state of evolution.

I must push on toward the high goal of spiritual dominion and bring all my senses and every faculty of my nature into useful subjection to my soul.

Thus will my soul lift me up, mind and body, into the transfiguration of the sons of God.

My will shall be tuned to Thy divine will; my desire and love' shall be toward Thy Spirit of Wisdom within my soul. To live in the thought of Thee is joy eternal. By the omnipotence of Thy Spirit within my soul, light and liberty can be mine even here in this transient world, and I shall gain Thy faith to walk along in the shining pathway.

My will is Master.

I will control my emotional nature.

I will hold all feelings subject to my will.

I will exercise the force of my will until I can suppress every emotion when desirable

My will is growing in strength through this affirmation.

I will control my emotions. I will. I WILL, I WILL

I believe in the healing intelligence in my heart.

This marvelous life, which is the cause of my existence, organized my heart from cell substance and though is no reason why it should not work as intelligently now to reorganize and rebuild my heart into a perfect form of intelligent energy.

That same power and intelligence which originally formed the wonderful

mechanism of my heart is within my heart now.

It is capable of renewing every cell and repairing every defect.

This Spirit of intelligence within my body is able to repair any organic lesion, to mend the valves, to reconstruct the arteries and in every way conquer the effects of strain or disease.

I will not harbor any mortal beliefs of limitation. I have faith in the unlimited healing power now resident within my heart.

My heart is the active existence of a divine energy.

All beliefs of incapability and weakness are dissolved from my mind.

The Spirit within my flesh, in my heart and in every organ of my body is ever and always creative.

My spirit is the manifestation of the creative Spirit of God and there is no limitation to its creative ability other than what mortals have falsely imposed.

God is manifesting in you.

Then hold the mystic words of perfect faith:

I am a spiritual being.

My soul will demonstrate divine principles by manifesting immortal qualities without limit or bound. All error will be eliminated.

**My soul is being drawn resistless toward the Sea of eternal life.**

**My soul is being anointed with the Holy Spirit.**

**God is my eternal love.**

**He is my eternal strength.**

**I consecrate myself to him.**

**I will practice his divine doctrine.**

**The germ of Divinity within my soul will become a god.**

**I am one with God.**

**I am in the kingdom of heaven here and now.**

**I am now in the realm of wisdom and harmony.**

**I stand now in spiritual relationship with God.**

**I walk not after the flesh but after the Spirit.**

**Nearer, nearer my God to Thee.**

**Nearer, nearer to thy manifest measure of conscious power.**

**Nearer and nearer in understanding to Spirit—the source of all blessings.**

**Nothing can prevent the Divine Germ within me from growing into his completeness.**

**It will develop in me as truly and surely as God is God.**

**The Lord of my soul now has dominion and is putting off my material mortality.**

**My soul is putting on immortality.**

I now, through my word of power, place my feet on the Rock of Ages, which is the Rock of my understanding, from which I have life and being in boundless measure.

The Lord my God worketh through me now, perfecting my soul in power, giving me strength, peace and dominion over all things forever.

When I am pure in heart I am strong with the strength of the immaculate One.

I am living the life of a son of God when all my thoughts and feelings are inspired with the Mother love and tenderness of the Spirit.

I am a soul growing toward Divinity and Supreme divine Sonship.

Man's life is perpetually imparted from his benefactor the Lord God. All creation is an exhibition of his love.

What God wills is; and the will of God is absolute accomplishment.

**I AM A FLAME OF ETERNAL LOVE.**

**I will feel the intelligence and ability**

**To plan and create a successful destiny.**

**The Wisdom of the Divine Will**

**Inspires all our thoughts and acts.**

**I will seek for that Wisdom**

**Which shall unfold the Creator's Will in me.**

**In Thy Light we see light, O Infinite Intelligence,**

**And hidden things are revealed.**

**Divine Intelligence in us**

**Responds to the Divine in the Angels.**
