Death is an Advisor

Upon a grey rock that was half-buried in a hill, rested I,
Pondering dark questions concerning my life's ills and vain acts.
And the day was bright with Apollo's light.
Yet there was no light to pierce the tomb of night which held my heart.
And the birds sang sweetly to the wind while flowers and bees became friends.
Yet through the grey fields of my brain roved wolves of doubt and pain.

So upon that grey rock that was half-buried in a hill, remained I,
As if the solitary stone had petrified my soul and will for all time.
Taking no heed of me and my plight, Apollo's blazing chariot rode on and passed out of sight.
Leaving me in darkness on the stone, where save for the face of Artemis, I sat still alone.
Until there came the rosy morn of Aurora, welcoming a new day born;
When I spied to my left a shadow near which caused me to quake on the cold stone with fear.

There upon the grey rock that was half-buried in a hill, I turned left,
To face the shadow's bane and black skill and ask its purpose and its name.
However, to my left the shadow remained and from it a powerful voice proclaimed:
"Mortal fool, I am always to your left, be of this certain for I am Death.
Know that your despair is folly because you have so little time left, and much work to do before
you until you feel the tap of Death.
As the shadow faded in Aurora's light, I became changed and accepted Death's advice.

And upon that grey rock that was half-buried in a hill, I rose up,
And withdrew from the stone and its chill to a golden field where my heart and Apollo shone.

Haiku

1

Water is purest,
Abundant fluid power,
Which cleans and quenches.

2

The sky seals the world.
Barring all burning unions
Between earth and sun.

3

Wind is wonderful,
So cool for smiling, sailing.
Fans faces and leaves.

Sands of Time

Golden glass of time,
Whose sifting sands, silent bind
Us to now fulfill
Our oaths before thy orbs fill.

O grey grains tarry,
To vanquish man's adversary
Time, or we will send
Thee over to count again.

When the sands pour waves,
Filling lives and open graves,
It is then we see,
Who will fill first, us or thee.

Indian Sleep

The grey, eagle-fierce Indian had grown wise.
Perhaps from stalking his manhood in virgin forest.
And sleeping in canyons grand and red in sunset.
Such a sage still can sleep under hunting ground stars,
Free from fear, free from spear, and free from tear.
A warrior triumphant, without waging a battle.

The wounded, chief Indian had grown tired.
Perhaps from stalking white men's lives with their black powder,
And sleeping on warpaths soaked red with both their bloods.
Such a savage still can sleep buried beneath battle fire stars,
Free from might, free from fights, and free from whites.
A warrior laid in peace, without losing a battle.

The red, ripened Indian had grown gnarled.
Perhaps from stalking his medicine in cheap liquor stores.
And sleeping in alley canyons painted in graffiti refuse.
Such a drunk still can sleep under numb neon stars.
Free from shame, free from claim, and free from his name.
A warrior defeated, without fighting a battle.

I Take My Stand

without hope — all is ashes
without faith — we return to dust
without joy — we are the living dead
without love — there is no reason to be

I take my stand upon my immortal soul;
Lifting the weight of the world and all its darkness,
Casting failure and fear, anger and bitterness, lust and selfishness,
Into the void never to return.

I summon all that I am from heavens infinite within;
Knowing and willing, the One Covenant of angels, Eloih.
Light and Love we now fire and shine like crystal stars, comets;
Breathing the eternal firmament of etherea beyond.

Into dark depths We plunge without wait,
Seeking the lost, confounded souls mired in graves of anguish.
Let there be but one spark, one note of spirit resounding;
Finding We forever rise together forging, flowing illumination.

Give

Give.

Give now.

Give now the gift.

Give what may be needed.

Give what may be cherished.

Thou art a special person; an answer to another's loss or need.

That which is from the heart is freely given.

Give from thy heart and thou shall not fail to bring aid.

For whatever good is given is a gift of Eloih.

It is thou who art the gift of Eloih; given in love.

Let all giving be done in Eloih's Love.

Given thusly, all the darkness of the world will be overcome.

Give love now as Eloih always gives.

Give now the gift.

Amen.

Amen.

Love, Almighty Love

- 1 -

*Love, almighty love now illuminates,
One Romance entrancing which true creates
An ardor ablaze in my life's desires;
To gather together transcendent fire.
For love, to love, through love, in love am I
With someone so special, breathless I try
To voice words of our true love's purity,
Who she is, what wonders she means to me.
Yes, she is beautiful, marvelously.
Her eyes of grace fill over flowingly
With gentle glories which glow right round her;
Much like the sweetness her precious smile stirs.
My God I love Thee! If I love her more,
All our love united just higher soars.*

Love, Almighty Love

-2-

*Joy! Joy abides where my beloved be!
In reflections of mind, I thrill to see,
Or being side by side, feel her warmth cheer,
But in my heart she shines brightest, most clear.
An angel amidst the stars whose light starts,
From the secret flames sacred in her heart.
To live, to give, to forge life's loveliness
As timeless rings to link loved ones wondrous.
By caring, by sharing, by creation
Of feelings selfless within affection.
In friend, in kin, in I, kindness sparkles,
As Chi dawns our day cheerfully crystal.
Each a heaven, a world around her star;
Love's encircling marks how radiant thou are!*

Love, Almighty Love

-3-

*Twin beauty, Chikako, thy soul explores,
Through resplendent symmetries we adore;
Sublime forms fusing artist to ideal,
God, virtuoso with divine dreams real.
Chikako, in our twin eyes, spirits pure,
The universe magnificent mirrors.
Gaze on displays of art's infinity;
Feel imagination's vitality:
An arc of spectrums paints a rainbow sky,
Above a ballet where winds free, dance high.
On earth, time sculpts mountains adamantine,
From whose cliffs, choirs of rivers singing climb
Past peaceful flowers chanting poetry,
Then enter songs in the sea's symphony.*

Love, Almighty Love

-4-

*I stand enkindled on enchanted shores,
As the sun rises blest forevermore;
Unveiling visions, realms celestial,
And immortal love, Chika my angel.
Our communion, one choice, one destiny;
Our embrace, sharing mystic ecstasy.
One consecration, our passion, our lives;
One kiss, an ascension to paradise.
O God, all Light, all Life, all Love are Thee.
Thy Voice the Music,
Thy Will the Beauty
Which inspire the brilliance of galaxies,
The endless blessings of our families.
I vow to win the world to harmony,
To hold heaven together with my Chi.*

We are agents of the All Highest.

We look to the All Highest for ways in which our thoughts, feelings, words, and actions may benefit others.

Nirvana, our souls' fulfillment, is indeed selfless sacrifice, persevering throughout any trial, so that others less fortunate than ourselves may find the keys to the higher and highest heavens.

Transform your valuable time, your resources, your energy, into gifts which will uplift your brothers and sisters.

Ask yourself: how may I be of service to others right now?

The Creator will wonderfully act through you while you achieve your vision to assist others.

Everlasting good will be achieved by those who discover how to work with others, for others, in doing good.

Therefore judge yourself, for only you can truly judge yourself well.

Jehovih perfectly and powerfully directs those who ask to see where they may do the most good.

Be a true friend, by living, giving as a friend; offering what is most needed: a cheerful smile and a soaring song, a helping hand and a warm embrace, a kind word and an inner prayer.

The Creator lives through our service to one another;

Sharing love of the Divine Love, peace of the Universal Peace, light of the Illimitable Light, joy of the Eternal Joy, unity of the Infinite Unity, faith of the Omnipotent Faith.

For each chance to act in service, we praise our

Ever-Loving Spirit, Jehovih, beyond, within and over all.

Blessed Service to you all in the All Highest forever!

Amen.

Our Choice

The Creator is Spirit, the Motion of the Universe, the Motion of us all. This Energy Spiritual which creates, transforms, and animates, can be described as spiraling power which flows endlessly, and illimitably, in cycles, in the circles of All the Universe: atoms, worlds, and galaxies. Indeed, the Trinities of the All One manifest in everyway imaginable: in birdsong, flowers, and waterfalls, in fire, sunshine, and lightning, in hearts, minds, and souls, in Love, Wisdom, and Power. This Infinite Power is named in Oahspe as Vortexya, and Be within and round the three great aspects of being: in corpor, in es, in etherea. This Universal Force acts One with the Life Force of all the Living Children of the Ever-Present Spirit, in dimension, place, and time. The Great Purpose of the Creator which directs Vortex Power is Ever Greater Progression, Resurrection, and Creation. The more advanced the Children of the Ever-Present Spirit are, the more they have learned to be One with the Ever-Present Spirit, in choosing, and in fulfilling Universal Design, which is Boundless and Beautiful. Angels of the Almighty, accomplish as One with the Creator, One with All the Universe, and the Children therein, all that can be described as Good and Uplifting and Joyful. As they and we learn to master and free self, to unfold the I AM within, to choose to serve with virtue for the greater benefit and harmony of all Gods peoples, they and we also learn to purify, to forgive, to accept, and to attune toward Higher Heavens. In every case, this means finding and exploring the paths which bestow love, teach wisdom, and unify power within those in need. So it is that the emotions we feel, the thoughts we think, and the dreams we envision, each and every one of them, are the Worlds of Happiness that we should seek to realize for others. As we make each step, each breath, each word, a Sacred Prayer of Thanks, of Hope, and of Compassion, to the All One Creator, we become ourselves the Creator, and together, an Unending Union or Cosmos of Illimitable and Immortal Lights. We now and forever choose to live as Angels of the Ever-Present Spirit. The Love, the Light and the Will of Jehovih are All One.

Prayer for Overcoming the Lower Self

I turn to God, who is all hope and All Light and All Strength.

I shall atone for all my missteps and mistakes. For every failure, I shall find ways to do much more good in the world than if I had never fallen. In this way, God shall transform darkness into light through my service to others.

For my sins, I ask not to be forgiven yet, O God, for that shall only come as I resist temptation. But I do apologize and resolve to start again in being clean from this addiction. I will never give up.

I shall serve God only and never again the lower self.

I reject these dark impulses. They are not a part of me and are not a part of what I wish to become.

I am healed and renewed and strengthened by the love of God, which is eternal and boundless.

My spirit transcends these dark impulses. I am above them and they cannot any longer touch or influence me.

I consecrate myself to a new life of purity, of pure thoughts and pure feelings which I will not allow again to be tarnished.

The sacred fire and holy waters of God are purifying me. I stand anew, whole and one with God.

May all spirits of temptation round me be uplifted into the Light of Heaven. May they rise to know God this very moment and forever. By resisting temptation, I am helping them, and that I do indeed will to do.

I shall withstand all negative temptations until they are nothing. I can wait these bad thoughts out, for they are being dissolved away. Breathe in the Oneness. Breathe God.

I set myself free of every dark impulse. I have to be strong now, and so I am, and so I shall be.

I stand strong upon the Rock of Ages, God, and shall be whom I will to be, an angel of God in the making.

All Praise, Thanks, and Honor to Thee!

All who are burdened with darkness, shall now rise into the Harmonious Love, the Golden Ascension, and the Eternal Beauty of the Heavens. May each of these spirit souls receive the healing and help and guidance they need in this world and the next, and may each of us find ways to assist them through our own life.

May The Circle of Radiant Light Shine Through Us to All! (3 times).

Amen.

Our Father-Mother-Creator

Our Father-Mother-Creator,
Hallowed be All Thy Names.
Thy Kingdom come, Thy Will be done,
By us as it is in the higher heavens.
Let us give thanks for our daily blessings.
And forgive us our sins,
As we forgive those who sin against us,
And help us to transcend all dark temptations,
So that we may deliver all in our lives from evil.
For Thine is the Love, the Wisdom, and the Power,
Now and forever, here and everywhere, worlds without end.
Amen.

Songs to The Almighty

(2016)

Ever within us, The Love of Eolin the Eternal Fire Sacred.

Tell me, what is my life without your love?

Tell me, who am I without you, O Eolin, by my side?

Ever within us, The Wisdom of The Creator of The Universe.

Distant worlds are calling me

Every day, my mind is all around you, O Creator.

Ever within us, The Power of Jehovih The I AM.

Oh let the The I AM radiate upon my face, stars to fill my dream

I am a traveler of both time and space, to be where I have been

Ever within us, The Blossoming of E-O-IH, the Sacred Tree of Life.

We are stardust, we are golden, we are billion year old carbon,

And we got to get ourselves back to The Garden.

Ever within us, The Joy of Wakan Tanka, The All Voice.

And if you listen very hard, the tune will come to you at last.

When The All Voice and we are one and one is all, to be a rock and not to roll.

Ever within us, The Beauty of Tirawa, Father Sky, Mother Earth.

Tirawa's Beauty I'd always missed with these eyes before

Just what the truth is I can't say any greater, but I love you!

Ever within us, The Purity of Eloih, The All Highest.

Sail on, sail on. I will rise each day to meet the dawn

So high, so high: With Eloih I've climbed the mountains of the sky

Ever within us, The Peace of Om, The Wondrous Serenity.

I sang to you the song that I heard up above,

And Om keeps me alive with our sweet flowing love.

Ever within us, The Inspiration of Ormazd, The All Light.

I see the stars glow - One by one

Shimmering The All Light — with the angels of the magic constellation.

Every within us, Faith in The Great Spirit, The Ever Present.

So many people have come and gone, their faces fade as the years go by

Yet The Ever Present and I wander on, as clear as the sun in the summer sky.

Every within us, Service to Shang Ti, The God of Gods.

Nothing is easy, nothing good is free but I can tell you where to start,

Take a look inside your heart, there's service in your heart.

Every within us, Unity in Elohim, The All One.

Sister bluebird flying high above to The All One.

Shine your wings forward to the sun.
